Livingston HealthCare's Surgical Staff & Visiting Surgical Specialists

General Surgery

Roberts, Justin, MD

Primary Specialties: General Surgery (Board Certified)

Justin Roberts, MD, is a board certified surgeon who comes to LHC from Texas Tech University, Lubbock. Roberts has previously worked as an Associate Professor of Surgery, supervising residents and teaching while also serving as a surgeon at a Level 1 trauma and regional burn center. Prior to teaching, Roberts ran a private practice and worked in general ER surgery and trauma coverage at Hendrick Medical Center, Abilene, Texas.

Roberts earned his Bachelor's degree in biochemistry and his doctoral degree from Texas Tech, Lubbock, while finishing his internship and residency in general surgery at University of Oklahoma, Tulsa. Roberts has received numerous awards in teaching and mentoring while working as a surgeon. He is an avid outdoorsman and a licensed pilot.

Medical school: Texas Tech University School of Medicine

Residency: University of Oklahoma

Undergraduate school: Texas Tech University

Coleman, Scott, MD

Primary Specialties: Family Medicine (Board Certified) Obstetrics (Board Certified)

Secondary Specialties: Pediatrics (Board Certified)

****only performs cesareans and colonoscopies***

I'm really there to be an advisor for the family's health. I know how the concerns of one family member affect the others. I want to give families the tools they need to manage their care.

Medical school: University of South Dakota

Residency: Family Practice Residency, US Navy

Undergraduate school: University of Tennessee

Wadle, Douglas, MD

Primary Specialties: Internal Medicine (Board Certified)

****only performs endoscopes and colonoscopies***

I see my role as a teacher and educator. I assess the situation and provide as much information as I can to help patients make the best decisions for themselves.

Medical school: University of Colorado School of Medicine

Residency: Internal Medicine, University of Washington Medical Center

Undergraduate school: Eckerd College

OB/GYN Surgery

Helin, Denise, MD

Primary Specialties: Obstetrics and Gynecology (Board Certified)

Secondary Specialties: Obstetrics (Board Certified)

Denise Helin, MD is board-certified in obstetrics and gynecology and fellowship-trained in integrative women's health.

"Integrative medicine takes into account the whole person," Helin says. "When I meet with a patient, we look at mind, body, spirit, and all aspects of lifestyle. Then, we discuss the best options for achieving balance and wellness using all appropriate therapies—both conventional and alternative."

Dr. Helin joined the Livingston HealthCare team in 1999, drawn to Livingston in part by its proximity to some of the Rockies' finest mountain ranges.

She attended medical school at Baylor College of Medicine and performed her residency at the University of Colorado Health Sciences Center.

When not working, Helin likes to strike out into the wilderness on backpacking expeditions. She enjoys international travel and all things food-related.

Medical school: Baylor College of Medicine

Internship: Obstetrics and Gynecology, University of Colorado Health Sciences Center

Residency: Obstetrics and Gynecology, University of Colorado Health Sciences Center

Fellowship: Integrative Medicine Fellowship, University of Arizona

Undergraduate school: St. Olaf College

Reid, Genevieve, MD

Primary Specialties: Family Medicine (Board Certified) Obstetrics (Board Certified)

Secondary Specialties: Pediatrics

****only performs cesareans***

I want to ensure that I can offer my patients comprehensive preventive care and be proactive and supportive in medical treatments when there is illness. In particular, I am interested in providing this support in the areas of obstetrics, women's health, and pediatrics.

Medical school: Oregon Health Sciences University

Residency: Family Medicine Residency with Obstetrics, Billings

Undergraduate school: University of Oregon

Stevenson, Rae, MD

Primary Specialties: Family Medicine (Board Certified) Obstetrics

****only performs cesareans***

My goal is to truly listen to each individual and get to the root of any problem. Together we can work as a team and navigate the complex health care system to find space for health and well being. It is a privilege to hear your story and empower your innate process of healing and growth.

Medical school: University of Washington School of Medicine

Residency: Alaska Family Medicine

Fellowship: Tacoma Rural Family Medicine and OB

Undergraduate school: Montana State University – Bozeman

Memberships: American Academy of Family Practitioners and American Medical Association

Walker, Kelly, MD

Primary Specialties: Family Medicine (Board Certified) Obstetrics (Board Certified)

****only performs cesareans***

I enjoy working with folks at all stages of life, from infants to adults, as well as in pregnancy. I value understanding how a patient is doing, not only physically, but also their psychological and social well-being. Helping a patient achieve the best health possible starts with truly listening to their history and approaching any treatment as a shared decision making process with the patient.

Medical school: University of Washington School of Medicine

Residency: Ventura Family Medicine Residency, Ventura CA

Undergraduate school: Dartmouth College, Hanover, NH

Special practice interests: Women's and maternal health in underserved local and global communities.

Pinango, Kyra, MD

Primary Specialties: Family Medicine Obstetrics

****only performs cesareans***

Kyra Eddy Piñango, MD a Livingston native, returns to her hometown as a family medicine physician with fellowship training in women's health and obstetrics. Kyra studied at Walla Walla University in Washington state, transferring to and earning her degree from Union College, Lincoln, Neb. She received her medical degree from Loma Linda University, Calif.

Kyra made the choice to become a physician after a year spent working at an orphanage in El Salvador while she was in college. She says coming home to Livingston as a physician was always part of her plan. "I couldn't be happier than to take care of my community as a physician and of course, finally come home." A welcomed addition to Kyra's planned homecoming was bringing along her husband, Henry, and their young son.

Medical school: Loma Linda University

Undergraduate school: Union College

Orthopedic Surgery

Anderson, Todd, MD

Primary Specialties: Orthopedic Surgery (Board Certified)

Dr. Todd Anderson is a board-certified orthopedic surgeon for Bridger Orthopedic at Livingston HealthCare.

For more than 30 years, Dr. Anderson's surgical experience has focused on trauma, total joint reconstruction and sports medicine. He's served as a team physician for multiple high school football teams.

Dr. Anderson is originally from California and most recently worked in South Dakota, where he practiced at Fort Meade VA Medical Center. Throughout his career, he's worked in variety of medical settings, including private practice, a multispecialty group and a county facility. He comes to Livingston with his spouse and 14-year-old son.

"With all the changes in medicine—and in California—I decided to close my practice and move out of California," he said. "My family and I have embraced the outdoor life and enjoy the seasonal changes."

Dr. Anderson earned his undergraduate degree from the University of California-Santa Barbara before pursuing his medical degree at the University of Southern California. Through his education, he distinguished himself by consistently achieving high academic honors.

He is a fellow of the American Academy of Orthopedic Surgery.

Medical School: University of Southern California

Residency: Los Angeles County/University of USC Medical Center

Fellowship: American Academy of Orthopedic Surgery

Undergraduate School: University of California-Santa Barbara
